BALTIMORE—THURSDAY, APRIL 29, 1830

On the next page will be found the official list of the drawing of the MARYLAND STATE LOTTERY, No. 4, for 1830, which took place yesterday afternoon, agreeably to announcement. The capital prize of TEN THOUSAND DOLLARS came out to an EVEN NUMBER. (7884) It is held in *Halves*—the names of the fortunate owners will be announced as soon as permission is given. The THOUSAND DOLLAR prize is held in a whole ticket—the 300 dollar prize, and also that of 200 dollars was divided and sold in shares, and with those of the 100's and 50's were variously and widely extended.

The next regular scheme (No. 5.) of the STATE LOTTERY, will be drawn in this city, on WEDNESDAY, the 26th MAY. It accompanies this day's Register—it will be noticed that it is the same as the last Lottery, being also arranged on the ODD and EVEN System, so universally approved. Address orders as heretofore.

Only Nine Thousand Tickets.

In the State Lottery, No. 5, which draws on the 26th May, it will be seen on reference to the scheme that there are only 9000 tickets. This comparatively small number gives additional chance to the adventurer for obtaining a capital prize; and when it is also recollected that the purchaser of two tickets, or two shares, (Odd and Even) will be certain of drawing at least one prize, and in the same proportion for any larger number, it will be admitted that the risk is not only trifling, but is much less than by any other mode of drawing. The Capital Prize is TEN THOUSAND DOLLARS.

Orders from any part of the United States, either by mail (post paid) or private conveyance enclosing the Cash or Prize Tickets, will meet the same prompt and punctual attention as if on personal application. Address to

CONGRESS—An important commercial bill has passed the House of Representatives. It reduces the duty on all Coffee imported after December, 1831, to two cents per lb.; and after December, 1832, to one cent per lb. The duties on Teas are to be reduced to about one half of the present rates, after December, 1831. The same bill also provides that the duty on Cocoa shall not exceed one cent per lb.

CENSUS OF 1830.—The bill which provides for taking the census of the United States during the present year, received the signature of the President March 23d, having previously passed both Houses of Congress. The enumeration is to commence on the first day of June, and to be completed in six months at farthest, counting from that date. It is provided by this law, that the number of white males under five years shall be specified: of white males and females (distinguishing the sex) between five and ten years, ten and twenty, twenty and thirty, and so on up to a hundred. Also the number above the age of one hundred. Slaves and free coloured persons are to be enumerated in a similar manner—the two classes being kept distinct, and the gradations in age as follows.—Under ten; ten to twenty-four; twenty-four to thirty-six; thirty-six to fifty-five; fifty-five to a hundred; hundred and upwards. Among the whites the number of aliens are to be

guishing the color) the number who are blind, and the number of deaf and dumb, above the age of twenty-five, between fourteen and twenty-five, and under 25 respectively.

REMARKABLE PASSAGES.

The arrivals from Europe during the last week at New-York, amount to nineteen ships and brigs, all of which have had remarkably short passages, and several of them surpass any that have ever before been made. The following are worthy of record.

The ships Josephine, Captain Britton, Columbia, Captain Delano, and Caledonia, Captain Rogers, have made the shortest passages, each having been less than 16 days from port to port.

Among the most expeditious passages previously made within our knowledge, are the following; in 1822 the ship Friends, Captain Choate, arrived at this port from Greenock in several hours less than 18 days; in 1827 the Josephine arrived from Belfast in 19 days; in 1812 the brig Young Soldier, Captain M'Kenzie, made a passage hence to Cadiz in 14 days; in 1829 the packet ship Edward Bonaffe made a passage from this port to Havre in 15 days; and the packet ship Canada arrived at Liverpool on the 22d ult. in 16 days from this port.

STEAM BOAT EXPLOSIONS.

On Thursday evening last the boiler of the steam boat Chief Justice Marshall, Captain Ford, on her way from Albany to New-York, exploded, by which accident the lives of several passengers were lost, some were dangerously scalded, and many more slightly.

The Marshall had 173 passengers when she left Albany. When she touched at Newburgh she had about 90 on board, and thirty more came on board there.

Of the causes of this disaster, we have no certain information. It is presumed (says the Commercial Advertiser) to have arisen from too great an exhaustion of water in the boilers—owing, it is conjectured, to the incompetence of the engineer. It is believed that seventeen persons were more or less injured—seven or eight very seriously, and some of them mortally.

The Cincinnati Gazette states that a steamboat accident occurred on the 4th instant, at a place on the Ohio river about 14 miles above Smithland. The steam-boat Huntress had put to shore to leave a passenger, and care was not taken to let a sufficient quantity of steam to escape to secure the safety of the engine; and as the boat put off from the shore the explosion took place. Three persons were killed—one engineer—one of the firemen, and the cook; two other hands on the boat jumped overboard, though very badly scalded; no other serious injury sustained.

NATIONAL APPROPRIATIONS.—In the speech of Mr. Richardson, of Massachusetts, delivered in the House on the 20th ult. we find the following in statistical facts, which may be useful for reference.

By a report made to the Senate during the present session of Congress by the Secretary of the Treasury, it appears that, for the purpose of Education, and the construction of Roads and Canals, within and leading to a number of States and Territories, from the adoption of the Constitution to the 24th of December, 1828, the following appropriations have been made:—to Maine, \$9,500; to New York, 4,155; to Tennessee, 254,000; to Arkansas, 45,000; to Michigan, 45,000; to Florida, 83,417; to Ohio, 2,527,404; to Illinois, 1,725,959; to Indiana, 1,513,161; to Missouri, 1,462,471; to Mississippi, 600,667; to Alabama, 1,534,727; to Louisiana, 1,166,361.

Casey's Dormant Balance for the cure of Curved Spine.—To the ample testimonials of the great value of this instrument, which have been furnished by the most eminent physicians of Boston, New York, Philadelphia, Baltimore, and other places in our own country, have recently been added those of some of the best judges in the French capital. Dr. Ogden, of New York, now in Paris, in letters lately received from him by his father and others, states that the celebrated physiologist, Magendie, a distinguished member of the Institute, has pronounced the American patented apparatus, called Casey's Dormant Balance, to be clearly and decidedly superior to all the methods previously known, for the cure of lateral curvature of the spine, an opinion sustained by the Institute, and also by De Fermon, the physiological editor of the "Bulletin des Sciences."—[Mr. Casey resides in the City of Baltimore.

State Etiquette.—The following entry is in the Assembly of Pennsylvania for 1713:

"A Committee of the Assembly were sent to Governor Gookin on business. They returned and reported that the Governor is not stirring."

In 1715, Mr. Asheton called on the House of Assembly with a message from the Governor and addressed the speaker as follows;

"The Governor has requested me to state his regret that he has been unable to get the council together and will feel happy if the members wait on him this evening at Sarah Radcliffs, and take a glass of wine with him."

Silk in Bavaria.—Above two millions or sapling mulberry trees are thriving in Bavaria. A full grown tree yields a hundred pounds weight of leaves; but only one half is gathered in a season so that the proprietors of these nurseries, if all the trees attain to maturity, will glean one hundred million pounds of leaves annually. The worms from a pound of eggs, when properly fed consume half a ton of leaves, and yield at least fifty pounds of cocoons, or five pounds of wound silk. The product of these two millions of trees, if nothing hinder their prospering, will therefore amount to five hundred thousand pounds weight of silk, in value from 500,000*l.* to 1,000,000*l.*

Postage on Letters—Important.

In order to lighten as much as possible the expense of postage on the letters to our distant friends and customers, we have so arranged, that tickets or shares will be forwarded to them printed on the same sheet on which we write our letters; on all letters therefore sent from Cohen's Office, Baltimore, to any part of the United States, only single postage can be charged, except in cases where the number of tickets or shares ordered, occupy more than one sheet of paper.—We have adopted this mode for several months past, and so much to the satisfaction of our distant friends, that many of them have suggested to us the propriety of noticing the arrangement by a paragraph in the Register, which we have thus accordingly done.

No. 7884 An Even Number

Having drawn the Capital Prize of TEN THOUSAND DOLLARS; agreeably to the Scheme, every Even Number in the Lottery is entitled to a Prize of FIVE DOLLARS, and in addition to whatever sum any of them may have drawn besides.

☞ All Tickets with Numbers ending with 2, 4, 6, 8, or 0, are those entitled to the Five Dollar Prizes.

☞ All Tickets ending with 1, 3, 5, 7, or 9, and not to be found amongst the above, are Blanks.

THOMAS CARLTON,
ROBERT PURVIANCE, } Commissioners.
WILLIAM KNIGHT,

Countersigned,

THOMAS SPICER, Clerk.

It will be noticed that many Tickets have obtained TWO PRIZES EACH!—For example: No. 5082 (see list above) having drawn *Fifty Dollars*, and being an Even Number, is entitled to a prize of *Five Dollars* also; therefore, No. 5082 will receive *Fifty-five Dollars*, &c. Again, No. 2738, (see list above) having drawn *One Hundred Dollars*, and being an Even Number, is entitled also to a *Five Dollar* prize; consequently, No. 2738 will receive *One Hundred and Five Dollars*, and so on.

☞ The fortunate holders of Prize Tickets, are respectfully requested to hand, or send them in, for payment, as early as may suit their convenience.

J. I. COHEN, Jr. & BROTHERS,

MODE OF DRAWING.—The Numbers will be put into one wheel as usual—and in the other will be put the Prizes above the denomination of Five Dollars, and the drawing to progress in the usual manner. The 4500 prizes of \$5 will be awarded to the Odd or Even Numbers of the Lottery, (as the case may be) dependent on the drawing of the Capital Prize of Ten Thousand Dollars—that is to say, if the \$10,000 prize should come out to an Odd Number, then every Odd Number in the Scheme will be entitled to a Five Dollar Prize; if the \$10,000 prize should come out to an Even Number, then all the Even Numbers in the Scheme will be each entitled to a prize of Five Dollars, and in addition to any other prize which they may draw. A ticket drawing a superior prize is not restricted from drawing an inferior one also.

Odd Numbers are those ending with 1, 3, 5, 7 or 9.

Even Numbers are those ending with 2, 4, 6, 8 or 0.
